# Mantels

## Now in Vogue

The Mantels catalogued here are good examples of designs favoured by Architects, Builders, and Home Builders for present use, and are by manufacturers in touch with both the building and furnishing trades. They suit the various types of homes being erected in the best suburbs, and harmonise with the simple, practicable furniture now being used. Well seasoned timber is used in their construction and the following woods are used—Oak, Silky Oak, Maple, Pine, and Tasmanian Oak. They are polished and finished to any shade of colour required.

The standard opening for the larger Mantels is 36in. wide and 37in. high, and for smaller designs 35in. x 35½in.

Any design can be altered to suit special sizes at a small increase in cost. We can also quote for special Mantels to Architects' drawings and specifications.

*Prices will be found on separate list enclosed.*

# Art Tiles

We carry a wide assortment of artistic hearth, wall and floor Tiles, and tile fireplaces, walls, verandahs, bathrooms, shop exteriors and interiors to instructions.

Prices given are in all cases for plain enamelled tiles. These may be had in various colours. Dull and other special finish tiles can be supplied at an increased price.

All Mantels, Grates, Tiles, and Kerbs may be purchased separately. All hearths are quoted on basis of  $\frac{2}{3}$  sq. yard of tiles to hearth.

## COUNTRY ORDERS.

We take every precaution in packing so as to ensure safe delivery, and make a charge at net cost price.

**Kerbs.**—When ordering Kerbs state if size given is to be inside or outside Kerb.

*Prices will be found on separate list enclosed.*
